Quarto

Prueba con añadir tildes y cosas artículos, voy a añadir más texto
ahora más cosas...

Quarto enables you to weave together content and executable code into a finished document. To learn more about Quarto see <https://quarto.org>. blablagjdktrh kdsfjsdkjgfha nt. To learn more about Quarto see <https://quarto.org>. blablagjdktrh kdsfjsdkjgfha

Running Code

When you click the **Render** button a document will be generated that includes both content and the output of embedded code. You can embed code like this:

```
1 + 1
```

[1] 2

You can add options to executable code like this

```
[1] 4
```

The `echo: false` option disables the printing of code (only output is displayed).
