Quarto

Prueba con añadir tildes y cosas artículos,

Quarto enables you to weave together content and executable code into a finished document. To learn more about Quarto see https://quarto.org. blablagjdjktrh kdsfjsdkjgfha nt. To learn more about Quarto see https://quarto.org. blablagjdjktrh kdsfjsdkjgfha

Running Code

When you click the **Render** button a document will be generated that includes both content and the output of embedded code. You can embed code like this:
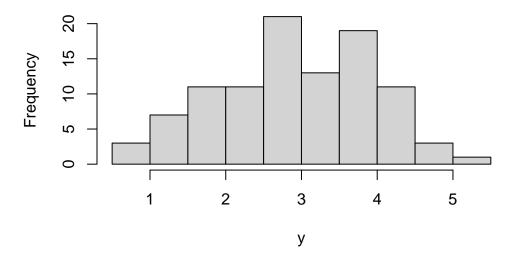

```
1 + 1
```

```
[1] 2
```

You can add options to executable code like this

```
[1] 4
```

The `echo: false` option disables the printing of code (only output is displayed).
